Mayor of Antequera

**The city of Antequera is distinguished by its commitment to sport**

These are some of the words of the city mayor Mr. Manuel Barón in the speech he delivered at the Opening Ceremony. According to him, after hosting several sports championships, Antequera stands as a strong

candidate to become the European City of Sport in 2018. This candidacy has been reinforced by this 9th edition of EUSA Handball. Moreover, Culture and sport are highly interwoven in this city, which was declared World Heritage last year thanks to the Dolmens, a prehistoric necropolis that has the biggest dolmen in Europe. With this speech, Mr. Barón opens up the doors for all the players not only to play handball but also to keep on enriching their cultural baggage thanks to the heritage preserved by the institutions.
